### SHOVELING HYDRANTS

If you have a fire hydrant in the vicinity of your home, we would appreciate it if you could take the time to shovel it out and make sure it is exposed, in case there is a fire emergency the fire department can access it easily. With over 600 hydrants to shovel it takes us days to get them all cleared and every second counts when there is a fire. This would be a great community service project for your teen to be involved in.
