Hydrant Flushing

July 14, 2021

On July 20 and possibly 21, between the hours of 8:00 am and 3:00 pm, the Grafton Water District will be performing hydrant flushing on the following streets:

- Cheryl Drive,
- Joys Road,
- Powerline Drive,
- Spanish River Road,
- Sunrise Avenue, and
- Trinity Avenue.

Would you please pass on this information to your neighbors?

This is our ongoing effort to reduce discolored water issues that have occurred within the distribution system. Flushing the hydrants usually helps resolve this.

Please do not use water during hydrant flushing. This will minimize discolored water from getting into your household pipes. If you experience brown water, wait an hour or more after flushing is complete and flush out your pipes until it is clear.

For updates, please refer to our website, graftonwaterdistrict.org, or our Facebook page, Grafton Water District.

Any questions can be directed to our office at 508-839-2302 between the hours of 9:00 am and 3:00 pm.

We thank you in advance for your patience.

The Grafton Water District team.
