Hydrant Flushing

October 1, 2024

Beginning on 23 September 2024 the Grafton Water District began system wide hydrant flushing. We will flush from 8am to 4pm, weather permitting. Please note beginning tonight, Tuesday, October 1st, we will also be flushing from 7pm to midnight. This is so we can complete the system wide flushing earlier than planned.

Today, 1 October, we ended flushing around 4:30pm. We flushed the following streets: Carroll Ave, Carroll Rd – north of Bicknell, Bicknell Rd, Countryside Rd, Midgley Cir, North St - between Bicknell Rd and Stonegate Cir.

If you experience brown water, wait until after 5:30pm to flush out your pipes until the water is clear. Using an outside faucet will be more effective than inside.

Tonight, from 7pm to midnight, we will continue to flush the following streets: more of Carroll Rd, Christmas Tree Lane, Clearview St, Fieldstone Court, Frankie Lane, Greany Dr, Linda Circuit, North St, Snow Rd, Stone Gate Circle, Suzanne Ter and Tracy Ann Dr.

This will cause discolored water. Please limit use of water during hydrant flushing. This will minimize discolored water from getting into your household pipes.

Tomorrow morning, we will update you with the tomorrow's flushing schedule. We will post on our website, graftonwaterdistrict.org, and our Facebook page, Grafton Water District.

Any questions can be directed to our email, customerservice@graftonwaterdistrict.org , or to our office at 508-839-2302 weekdays between the hours of 9:00 am and 3:00 pm.

We thank you in advance for your patience.

The Grafton Water District team.
