## UPDATE

### WATER MAIN BREAK

ONCE THE ISSUE IS RESOLVED WE WILL REPOST.

UPDATE - 4:00 PM: We are continuing to work on repairing the water main. While water service has been restored to all but a few residents, please be aware that the ongoing repairs may still result in lower water pressure and discolored water.

If you experience discolored water, we recommend flushing your line by running your taps for several minutes. However, if the discoloration persists for more than 15 to 20 minutes, please allow approximately an hour before attempting to flush your system again.

We appreciate your patience as we work to resolve these issues. If you have any concerns or continue to experience difficulties, please contact our office at 508-839-2302 or email us at [customerservice@graftonwaterdistrict.org](mailto:customerservice@graftonwaterdistrict.org).

Thank you for your understanding and patience,  
**GRAFTON WATER DISTRICT TEAM**
